

FAASTeam presents:

Glider Instructor Forum and Online Meeting

The FAASTeam has meetings & discussions on issues facing pilots and instructors, not only nationally, but also in the local area. This webinar is oriented to the unique characteristics and facets of being a Glider Instructor. We are looking to have active Designated Pilot Examiners (DPEs) and glider instructors, of all experience levels, join us in the discussion and learn some best practices.

Our guest speaker, Jerry Smith, a glider pilot and instructor who has assisted many developing and instructors-in-training with understanding the complexities of Stall/Spin Dynamics.

The first half of the event will cover what is new - including the NEW STUDENT PILOT CERTIFICATE procedures!

Directions: Attendance will require pre-registration at the following web address:<https://attendee.gotowebinar.com/register/3089133266838168322>

Upon registration, you will receive an email with the link to be used on the day of the event. WINGS credit will be awarded based upon the email used in the registration, so please use the same email address to register that you also use for WINGS. Registration on the FAASAFETY.GOV is not required, but registration is required at the link provided above.

We look forward to seeing you.
